Let’s Feel That Spirit Again

Verse 1

I went to a church house this morning
Like so often I love to go
I was looking for that old time religion
I knew it was good for my soul
But I cried as I watched all the others
They would sit there not a tear in their eye
Not a hand did I see waved to glory
No shouting no heavenly crying

Chorus

Come on lets hear it for Jesus
Let’s praise Him like we used to do
Remember if you’ll simply trust in Him
There’s nothing He won’t do for you
Let us shout lets show Him that we love Him
And we honor and cherish His name
Let us all raise our hands up to glory
Let’s feel that spirit again

Verse 2

Well can you remember back through the years
When your grandma and grandpa were here
And not one ounce of shame filled them
As they wept their joyful tears
Right up and down the aisle they’d go
They’d be raising their hands to the sky
And not ashamed of Jesus’ name
Not afraid to testify
