Verse 1

Dad lay they're silently, no complaints
His last breathe drawing near
I catch a smile a little wink
But not a single tear
Leaning down so close to him
Wanting to intercede
I asked if I could do something
Is there anything you need

Chorus

I need my Savior
I need my shelter from the storm
I need my fortress
I need His arms to make me warm
I need the love of God
To wrap around my soul
I need my Savior
I need my Savior

Verse 2

Mom knows the road ahead
Is a lonely one for half of her is gone
She still seems to hear him pray
As if he's still at home
Wishing I could ease her pain
With any word or deed
I asked If I could do something
Is there anything you need

Chorus Twice
