## *Verse 1*

I know my limbs will grow old  
And weary by and by  
And vision's gonna fade away from my aging eyes  
Oh, yes this old body gonna lay down and die  
But no, no, no, not I, I'll never die

## *Chorus*

No, no, not I, not I, I'll never die  
I'll only move to my home on high  
Jesus said I go away, a mansion to prepare  
Don't say I'm dead, when you gather 'round  
To lay my body in the ground  
Cause no, no, no, not I, I'll never die

## *Verse 2*

Now you may watch me as I travel  
To places here and there  
And see my steps grow slower  
With every weary mile  
And you may pity this ole man  
Who's fading away  
But the real me grows stronger everyday

## *Chorus Twice*

Cause no, no, no, not I, I'll never die  
Cause no, no, no, not I, I'll never die  
Cause no, no, no, not I, I'll never die
