Verse 1

We need our Spirit filled preachers
To teach us right from wrong
We need our old fashioned seekers
Who'll pray all night long
We need some good gospel singing
To help us go another mile
The church will triumph, O Lord
And go home in a little while

Chorus

It'll be worth it after all, child
It'll be worth it after all
After all of these trials, we'll hear Jesus call
It'll be worth it after all, child
It'll be worth it after all
After all of this climbing
It'll be worth it after all

Verse 2

When you're down in your valley
Prayer is all I can do
Then the Lord sends deliverance
And strengthens you
Then when you're up on your mountain
And you see me struggling along
Lift my name up to Jesus
Let's help each other make it home

Chorus
