

Let's Talk About What God Can Do

Writer: Larry Petree

Publishing: Chestnut Mound/BMI

Key: G

Time: 2:47

Verse 1

You can sit around and talk about the stormy weather
All the burdens and the heartaches in your life
You can talk about the battle, how your mind is always rattled
All the pain and strain and trouble and strife
You can sit around and say that you can hardly make it
And that your happiness is overdue
You can talk about your sorrow, how you just can't face tomorrow
Or you can talk about what God can do

Chorus

Let's talk about what God can do
When the impossible is possible for you
He'll lift you up, bring you out
Take you forward, see you through
Let's talk about what God can do

Verse 2

You should find someone who's overcome with many burdens
And they feel they cannot make it anymore
You can talk about their problems how they just can't seem to solve them
Or you can sit and wait till you have the floor
Then you just lift your voice and sing and praise the name of Jesus
Till you feel the fire burning in you
Then they too will feel the blessing and their mouth will start confessing
You can talk about what God can do

Chorus Twice
