Verse 1

Last night I went to bed and after I had gone to sleep
Sometime in the night a vision come to me
I saw a place of splendor with my loved ones waiting there
Everyone was singing; songs of praise were in the air

Verse 2

The singing was so lovely and in perfect harmony
The multitude that gathered reached as far as I could see
Each smiling face was glowing; everybody looked the same
Singing glory to the Lamb; praise His holy name

Verse 3

The crippled, blind, I could not find; this place had no disease
Everyone was young and fair, there were no elderly
From the flood and through the blood each one who had believed
Was gathered home around the throne for all eternity

Verse 4

When I awoke I had this happy feeling in my soul
'Cause I believe He let me see the place where I will go
For I've been saved by grace through faith I am one of His own
And I'll be in that number I saw gathered round the throne

Repeat Verse 4
