Chorus

When you've been touched by the power of God you'll know it
The life you lead from day to day will show it
You'll have love for your fellow man
Help lead them out of the shifting sand
When you've been touched by the power of God you'll know it

Verse 1

Won't have to go around with your face toward the ground
But you'll have joy and gladness in your soul
The Lord will lift you up; He'll fill that empty cup
When you've been touched by the power of God you'll know it

Chorus

Verse 2

Get ready for the day the Lord's gonna call you away
He's coming for a church that is built on solid ground
Tell others of His love, and about that Home above
When you've been touched by the power of God you'll know it
