## *Intro*

Come on and walk on the water with me

## *Verse 1*

When Peter came to Jesus upon the high waves

He walked on water until he looked away

Then Jesus said, "Peter, oh ye of little faith

Take My hand and walk with Me today."

## *Chorus*

Come on and walk on the water with Me

Come on and walk on the water with Me

For you will not fail

No you will not fail

## *Verse 2*

Take a leap in faith and launch on out in the deep

Be courageous and get down off that bough

Keep your eyes on Me, don't mind the wind or the waves

Cause there ain't nothin', nothin's gonna stop us now

## *Chorus*

## *Verse 3*

You see I Am, I Am when the hurricane roars

And in your midnight madness, I'll be your peace

So don't you ever give up, no you better not give in

Cause any moment now your storm's gonna cease

## *Chorus*

## *Last Chorus*

Why don't you walk on the water with Me

Take My hand and walk on the water with Me

For you will not fail

No you will not fail
