Verse 1

At a lonely tomb one break of day
Two soldiers quietly laid
A moving stone exposed an empty grave
A Father's love came down
And His glory shone around
He said My Son it's time to come away

Verse 2

When they beat You at the trial that day
My Son, I had to look away
For I felt the thorns, the stripes and all the shame
When You chose to die and it was done
I shook the earth and hid the sun
Thank you Son for going in My name

Chorus

Come away My fair One
Come away My only Son
You've done the things Your father wanted done
Come away My fair One
Come away My only Son
It's done; it's finished
My fair One welcome home

Verse 3

Son I sure have missed You
And I have longed so much to see You
You throne still waiting empty by My side
Daily I watched over You
And My heart, oh how it ached for You
Thank you Son for how You bled and died

Verse 4

My Father I have missed You too
But I wanted so to go
To make a way for all who longed for Thee
I found Myself a brand new bride
Soon we'll all be sitting by Your side
Father let my loved ones come away

Chorus

Come away my fair ones
Come away my only Son
You've done the things Your Father wanted done
Come away my fair ones
Come away my only Son
It's done; it's finished
My fair ones welcome home
Fair ones come away
