Verse 1

We are here to worship Christ the King
We will make a joyful noise and we will sing
We are here in one mind and one accord
So come on everybody praise the Lord

Chorus

Come on everybody praise the Lord
Come on everybody make a joyful noise
We will sing; we will shout
We won't leave nobody out
Come on everybody praise the Lord

Verse 2

So they say there's one in every crowd
And we stare and criticize and point him out
So one and all let's do what we've come for
So come on everybody, praise the Lord

Verse 3

Worship is the sacrifice of praise
We should stand in awe and we should stand amazed
For we must praise His majesty and Him adore
So come on everybody praise the Lord

Chorus Twice
