Writers: Mark and Teresa Ford, Kevin Spencer Publishing, BMI

Key: Bb

Time: 4:05

Intro: From the top of Calvary's mountain He could see a long, long way

Verse 1:

Out of all the mountains 'round Jerusalem Lord why this one
Its rocky and so steep Lord please don't climb this one
But then He said unto me there is something I must see
So he climbed and reached the top
Though crucified he could see

Verse 2:

He saw the crowd with his vision marred as His blood ran down
He could barely see His Mother as she knelt there on the ground
Then as darkness filled the earth and in death He closed His eyes
Even though two thousand years ago it was Calvary where He saw my life

Chorus

He could see a long, long way from the top of Calvary's mountain
Not just Jerusalem but through the ages of time
He saw those millions to be saved he saw those kneel who were in pain
From the top of Calvary's mountain He could see a long, long way

Repeat Chorus
