Chorus

Good morning Lord, what a wonderful day this is
Good morning Lord, thank You for Your promises
That I could have eternal life, free from all care, pain and strife
One day I'll make it then I'll say good morning Lord

Chorus

Verse 1

I had a mother that each and every day
She awakened from her sleep
As her feet hit the floor
She would begin to weep
Thanking her dear Lord for another day
She'd lift her face toward the heavens
And this is what she'd say

Chorus

Verse 2

Now every morning as I wake up
And go about my day
I can't help but think about Your love
As You guide me on my way
I know I'll never be alone
In Your presence I will stay
You've made my life much richer Lord
So each day You'll hear me say

Chorus
