## *Verse 1*

Many times while on my journey  
I've stopped along the way  
To help a weary pilgrim's load  
To share, to share  
And though at times a cool and a restful place  
Would bid my heart to stay  
But home is where my heart belongs  
My father waits me there

## *Chorus*

And I'm headin' home, I'm headin' home  
Nothing in the world can turn me 'round  
I'm headin' home, headin' home  
In the mornin' headin' home  
When the Son comes down

## *Verse 2*

So I say to you don't hold onto the pieces in your hand  
Of broken dreams that you have dreamed  
Too long, much too long  
For the pieces are grains to build another castle in the sand  
But put your hand in a pilgrim's hand  
And sing a pilgrim's song

## *Chorus 2*

We're headin' home, headin' home  
Nothing in the world can turn us 'round  
We're headin' home, headin' home  
In the mornin' headin' home  
When He comes down
