Key: G

Time: 4:30

## *Verse 1*

If your body's been torn by affliction  
The devil tries to tell you you're surely gonna die  
Remember Jesus He's still in the healing business  
And He's not changed since He opened the blinded eyes

## *Chorus*

Lift up your hands  
Glory to the Savior  
He's worthy of our praise  
Bless His holy name  
Lift up your hands  
To the throne of glory  
He'll heal your body  
Take away your pain

## *Verse 2*

Like old Moses when he was leading the chosen people  
God rolled back the sea and they walked through on dry land  
Pharaoh's army in the sea pursued God's children  
Walls of water fell when Moses stretched out his hand

## *Verse 3*

Now if God rolled back the sea for old Moses  
If He healed the leper and He made the blind to see  
He raised up the lame and no longer they were crippled  
What makes you think He can't do the same  
He'll do the same for you and me

## *Chorus Twice*
