## *Verse 1*

When my last day has ended here on earth  
And my body is lowered in the dirt  
I'll have no fear though death now has me bound  
'Cause I will rise up from my grave to meet the Lamb

## *Chorus*

I will rise up to meet Him in the sky  
On that homecoming morning by and by  
When the trumpet of God begins to sound  
I will rise up from my grave to meet the Lamb

## *Verse 2*

Father, mother, sister, brother, I will see  
They'll be rising up, we've won the victory  
Now at last sweet peace we have found  
We have risen from the grave to meet the Lamb

## *Chorus*
