Verse 1

I plan to be alive when Christ returns
But if I die I still have no concerns
I know I'll hear ole Gabriel's trumpet sound
It'll take more than the grave to hold my body down

Chorus

It'll take more than the grave
To hold my body down
I will rise and shout when I hear that trumpet sound
You might find my tomb; my body won't be found
It'll take more than the grave
To hold my body down

Verse 2

They took the Lord
And placed Him in a tomb
But in three days
It was an empty room
They rolled the stone
The guard could not be found
It took more than the grave
To hold His body down

Chorus

Bridge

You might find my tomb; my body won't be found
It'll take more than the grave
To hold my body down

Chorus
