Verse 1

They nailed Jesus to an old rugged cross His disciples staring at Him were sure that all was lost When He cried it is finished He bowed His head and died Hopeless men and women walked off Golgotha's side

Chorus

But it's not over, it's not over
All Heaven began to rise
For His Father was giving orders
And rushing angels to His side
The Holy Spirit was descending
God's Son was coming forth
And they thought they'd lost life's battle
But Jesus won the war

Verse 2

The world mocks God's people
They are blind and cannot see
They think that we are foolish
When in Jesus we believe
But one day they will miss us
For we will be called away
And we'll feel not one bit foolish
As we hear Jesus say

Chorus 2

It's not over, it's not over
Our king is going to cry
Holy Spirit search through graveyards
And take everything that's mine
Only in a moment, in the twinkling of an eye
We will leave this land where death reigns
To ever be alive

Chorus 2
