## *Verse 1*

As a child I thought my daddy  
Could do almost anything  
He could fix anything I'd broken  
He'd take a tire and make a swing  
But then one day  
His heart stopped beating  
Jesus called my daddy home  
He's at peace and he is waiting  
We'll meet again before too long

## *Chorus*

Now my Father in Heaven  
Is watching over my Dad  
And they're both watching over me  
And I am so glad  
Some day we'll have a grand reunion  
And there will be  
My sweet Jesus, Dad, and me

## *Verse 2*

Daddy's love was pure and simple  
He was gentle as a lamb  
But with one word or a wave of his hand  
Your world stood still at his command  
Dad your son is really missing you  
Without you I feel alone  
Heavenly Father, save a place for me  
I can't wait 'til I get home
