Verse 1

Father please forgive them
They know not what they do
You know I came to save them
Just like You asked Me to
Oh Father please don't blame them
You know it's not their fault
These sheep here need a shepherd
For all of them are lost

Chorus

I am the Shepherd whose sheep have gone astray
But I'll search until I find them
Then I'll bring them home to stay
I'll feed them in green pastures
I'll pay the awful cost
That I may be the Shepherd, the Shepherd of the lost

Verse 2

I'll find them in valleys
I'll find them on the hills
I'll lead them to still waters
Their wounds I will heal
And if only they will follow
When this battle we have fought
Oh I'll bring them home to meet You
I am the Shepherd of the lost

Chorus

Tag

He is my Shepherd
From Him I'll never stray
But I'll follow Him forever
Till He brings me home someday
I know that He is willing
No matter what the cost
To be my loving Shepherd
The Shepherd of the lost

Ending

To be my loving Shepherd
The Shepherd of the lost
