

# **Sounds Of That City**

Writer: Barbara Spencer

Publishing: Geniece Spencer Ingold/Nelon Music/BMI

Key: Eb

Time: 3:30

I hear the sounds of that city

## *Verse 1*

For so long now I have traveled

In this foreign land

And now I'm getting homesick to go

I want to go where Jesus

And loved ones wait for me

I thought I heard the angels singing their song

## *Chorus*

Oh, yes I hear the sounds of that city

I hear David playing

I hear angels singing

I hear saints now shouting over there

Oh I can hardly wait

To step inside the gate

I hear the sounds of that meeting in the air

## *Verse 2*

This world has lost its glitter

I want no wealth or fame

Its beauty and its treasures aren't for me

Oh I've had an invitation

To live with Christ the King

I now can hear the sounds of sweet jubilee

## *Chorus Twice*

## *Tag*

I hear the sounds of that meeting in the air
