Verse 1

He heard a voice from above
He saw a light shining 'round him
Though no one heard the sound
Paul heard it all around
He heard Jesus say from Heaven
There's work for you to do
So go tell them who I am
And I will be your voice

Chorus

I will be your voice through Me
Through you we will tell them of My love
We'll tell them how I died to give them life
And how I hurt for all the hurting
We'll tell them of the blood I shed for their healing
And of the Father's plan of salvation
Yes, we will spread the word

Verse 2

If today you need healing
Or if you're living out in sin
Just call the name of Jesus
He still cares as He did then
It was many years ago
I heard the call to sing His songs
And I still claim His blood as I go
And share His words for all the world to hear

Chorus
