## *Verse 1*

Lord, my battle scars are many  
My medals must be few  
For in the midst of conflicts raging  
So often I've failed You  
But somehow You've kept me standing  
Picked me up each time I fall  
You don't cast out wounded soldiers  
You just love them through it all

## *Chorus*

One day all the soldiers will come home  
We'll cease fighting for the battle will be won  
As the Captain says well done  
You've fought the fight, your race is run  
Wounded soldiers, the war is over  
Welcome home

## *Verse 2*

In my heart I am a victor  
Many times the flesh is weak  
So often I have begged your grace  
Lest I go down in defeat  
But Lord I recall the battle  
That was fought by You alone  
As Your blood flowed from the rugged cross  
Our victory was won

## *Chorus*

## *Tag*

As the Captain says well done  
You've fought the fight, your race is run  
Wounded soldiers, the war is over  
Welcome home
