Verse 1

You know as I was praying, three full weeks I mourned
The first few days were normal; I did not know what was in store
The devils gathered 'round me, said, "Ole Daniel, where's your Lord?"
I said, "He's not come by here yet, so I'll just pray some more."

Chorus

And I kept on praying, I kept on praying
I prayed three times a day unto the Lord

Verse 2

Ten days passed away, the devil laughed at me
He said, "Now Daniel, there's no God, so why not worship me?"
Well, I buried my head much deeper, and I cried with all my might
You're lies will never work on me, now get on out of my sight

Chorus

Verse 3

Fifteen days have come and gone; I'm weak from fasting now
Satan said unto me, "You've lost your battle now."
Well, I prayed and wept and I cried to God though I did not feel a thing
I said, "My Lord, I know You're real," and I let those prayer bells ring

Chorus

Verse 4

Twenty days have passed away, still I see no sign
Satan said unto me, "Your light will never shine
Now Daniel pray unto your Lord, but your battles over now."
I said, "Come back tomorrow, Devil, I'm gonna show you how."

Chorus

Verse 5

The twenty-first day is dawning, but something's different today
The devils were not present to hinder me when I pray
But behold a Hand just touched me and I heard the good Lord say
"Oh Daniel, my beloved son, I heard you the first day."

Chorus Twice
